

CATT PROJECTS

CATT PROJECTS is the production-oriented arm of CATT International. Through CATT Projects we give artistic support to independent artists seeking to create adventurous theatre, by sponsoring the participation of a CATT member artist.

Proposals

Proposals can be generated in two ways: by the CATT member artists themselves, or through a proposal generated by independent artists and submitted to one of the CATT member artists.

Criteria

Projects considered by CATT must be intercultural in nature and alternative in form, as adjudged by CATT's Director. Proposals should include:

- Background information on the project's primary artists
- A brief description of the project's themes, structure and process
- A brief description of the project's production goals (i.e. when, where)
- Reasons for the involvement of CATT and the specific CATT member artist chosen
- A description of the proposed CATT artist's involvement

CATT Member Artists

| | |
|--------------------|-----------------------|
| Michael Devine | CATT Founder/Director |
| Caroline McSweeney | CATT Associate |
| Hartley Jafine | CATT Associate |
| Leah Katrina Erdos | CATT Associate |
